Wariety and Uncertainty Mark Past Week in the Stock Market.

PUBLIC INTEREST NARROW

PLAN IS FORMULATED.

Method of Transfer of C., H. & D. to
B. & O. Is Agreed Upon.

[Special to The Times-Dispatch.]

NEW YORK, May 30.—The representatives of the several interests involved in the transfer of the Cincinnati, Hamilton and Dayton Railway have come together on a plan. The committee representing the \$15,000,000 of 4 1-2 per cent. collateral trust gold notes and the representative of the Baltimore and Ohio held final sessions on Thursday.

Nothing is now required but the approval by the court which appointed a receiver for the road of the mortgages securing forthcoming bond issues. The road, which has been in the hands of Judson Harmon, now Governor of Ohio, as receiver, since December 4, 1905, will be taken out of the courts, it is expected, by August 10.

longer be any question but that reserves in farmers' hands March 1 were overestimated.

Assuredly it would appear silly to imagine that farmers could be so fooling to the serves when record-breaking bids are being made, and when the new crop season is so close at hand, and is expected to bring about a fall in values of some grades, and especially soft varieties of at least 20 cents a bushel, and possibly 25 to 30 cents in some sections. Farmers are level-headed enough not to let such a great opportunity get away.
